

Parking information for Olympia The London International Horse Show

Parking spaces are in high demand. Although a limited number of bays may be available on a first come, first served basis, we strongly recommend that you book early. Pre-bookings must be made online.

Read on for advice on booking parking for your visit to London International Horse Show.

Gaining access to the car park has changed

You will now be required to print and present your email confirmation to the car park staff at the entrance. Failure to do so may result in your vehicle being turned away.

Please ensure you book parking for the performance you are due to attend

Afternoon sessions will run from 07.00 – 17.00hrs and the evening session from 17.30–close. If you are parking for the afternoon performance and leave after 17.00hrs, you will be charged an additional £20 on exit. If you are booking for the evening performance, please do not arrive on site before 17.30hrs.

All day parking can be booked by adding another session and then clicking the 'add to basket' button

Please note that you can add up to three different products under one single booking, for example, three cars for one performance or one car for up to three different performances.

Please note that on the Dressage Days (12th & 13th) pre-booked parking will automatically be for the whole day.

No availability?

This message displays when the pre-booking capacity is full for your desired date. While some spaces are available on a first come first served basis; we would not recommend you rely on these. Any spaces sold on the day are subject to pay an entry fee of £20 with the above session times applying. Please ensure that you have the correct cash to hand.

At the time of booking you will be required to enter your vehicle registration details

This is to prevent unauthorised copying of the email confirmations. Vehicles which do not match the details on the confirmation will be refused entry.

Those unsure of the vehicle registration at the time of booking may enter 'tbc' and amend the details before 10 pm on the day before of the booking. Simply select 'manage my bookings' [here](#). Similarly, if you need to change your vehicle after booking this can be amended as above.

Disabled parking

The multi-storey P3 car park is situated close to the show entrance (64.2 meters from the car park foyer to the Grand Hall entrance or 260.2 metres to the National Hall entrance). Disabled pre-booked parking will be situated on the ground floor where there is a total of 15 marked disabled bays and a further ten standard spaces designated to disabled pre-booked parking. If you require an extra width disabled bay, and none are available at the time of arrival, then a car park operative will assist you by parking you up in a standard bay with space available at the side of your vehicle.

Disabled parking can be pre-booked under the below products which will appear on the pre-booking web page;

- Disabled Multi-storey dressage: all day parking on the 17th & 18th
- P3 AM Parking Disabled: 07.00 – 17.00 from 19th to 23rd December

- P3 PM Parking Disabled: 17.30 – close from 19th to 23rd December

In the event that there is no disabled parking availability for the session that you wish to pre-book you can select a standard session parking space. The multi-storey car park has lift access which serves levels 1A, 2A, 3A, 4A & 5A. Important: Levels 1B, 2B, 3B and 4B are mezzanine levels which do not have step-free access to the lifts.

The minimum lift width access is 780mm. There is a small ramp from the car park foyer with a gradient of 1 in 6.86.

Please note that the car park has a height restriction of 2 metres. Unfortunately, we cannot accommodate vehicles above this height although a drop off facility will be available on Olympia Way.

Earlier access will be granted for those with restaurant bookings

Any visitors with Levy restaurant bookings for 17.00hrs will be able to gain access to the car park for the evening performance from 16.00hrs. You will receive a letter from Levy Restaurants confirming your restaurant booking which you will need to bring with you, along with your car park booking confirmation email, to be granted early access to the car parks.
