

## Sustainable Development Policy

Olympia London is aware of the social, economic and environmental impact its business activities may have. Our aim is to lead the way in sustainability in the events industry, while recognising the need to balance this with achieving our business objectives.

Olympia London supplies flexible event space to some of the most prestigious events in the UK. Our venue is recognised in the event industry for exceptional levels of customer service; our mission is to provide a world class experience to every visitor to our venue.

Our principles for sustainable development include inclusivity, integrity, stewardship and transparency. Our company values are care, commitment, passion, respect and trust.

Olympia London is committed to demonstrating leadership within the industry in all areas, including the sustainable development of events. We comply with all applicable legal requirements, actively contribute to the development of industry best practice and are represented on the industry associations' sustainability working group.

Olympia London is committed to seeking continuous improvement in sustainable development and to working with our service partners and customers to improve their sustainability performance.

We aim to achieve a positive legacy, by encouraging our stakeholders to engage with our sustainability objectives. In particular, we are committed to the training and development of staff and fostering positive community relationships.

Our ongoing objectives include:

1. Improving engagement and awareness of sustainability matters with our stakeholders
2. Improving waste management practices and continuing to divert all waste from landfill
3. Reducing energy consumption
4. Reducing the impact of our business on the local community
5. Providing the necessary resources and training for staff

This policy will be reviewed continuously and will be specifically re-examined annually.
